

# Central Entry Point, Single-Sign-On and Work Zone

## Main Features / Scenarios:

- ✓ Establish a Central Entry Point for all SAP and non-SAP applications
- ✓ Achieve full Single-Sign-On with the Corporate Identity Provider
- ✓ Integrate even the SAP GUI desktop app
- ✓ Keep one unified security administration mechanism
- ✓ Simplify the Fiori landscape based on the latest SAP recommendations
- ✓ Combine collaboration features provided by SAP Work Zone

## Related SAP BTP Services

- ✓ SAP Launchpad
- ✓ SAP Work Zone

## Implementation

- ✓ 6 weeks for Central Entry Point & SSO
- ✓ 4 weeks for Work Zone Deployment
